ST. JOSEPH CATHOLIC SCHOOL

Welcome to St. Joseph Catholic School! In choosing St. Joseph Catholic School, you have demonstrated a commitment to the values and philosophy of a Catholic education.

This handbook presents the philosophy, policies, and programs of St. Joseph Catholic School. The intent is to strengthen the covenant between home and school. The education of a child in this institution is wholeheartedly dedicated to this covenant we hold with parent and child. Parents are the primary educators of their children, and the cooperation of home and school is essential if a child is to reach his/her full potential. Parents and family share a very important part in our school's mission. It is the intent of St. Joseph Catholic School that the parents take a primary role in the education process. Personal and frequent contact between the family, teachers, principal, and staff is not only possible but also encouraged.

It is intended that parents keep and use this handbook for reference as needed. Efforts have been made to include all facets of our school in this handbook. The handbook will be periodically updated when more efficient processes are realized.

The faculty and staff of St. Joseph Catholic school look forward to working with you to promote academic excellence and spiritual development in the context of the teachings of the Catholic Church and Jesus Christ.

The approach is practical, easy-to-understand, and immediately applicable to a variety of settings. This excellent program is also based upon a framework of six different aspects including; how children develop and learn, the learning environment, what children learn, the teacher's role, the family's role, and research theory.

During the Nursery/Toddler program hours from 7:30 to 5:00 the children participate in a variety of daily activities including but not limited to:

1. Developmentally appropriate physical activity
